

## DDL Online Training

Derivatives Documentation Limited (“DDL”) currently offers 10 online training courses on OTC derivatives and securities documentation:

### Long courses:

- 2002 ISDA® Master Agreement
- 1992 ISDA® Master Agreement
- 2016 ISDA® Credit Support Annexes for Variation Margin under English and New York Law
- 2018 ISDA® Credit Support Deed for Initial Margin under English Law
- ISDA® Credit Support Annexes under English Law (1995) and New York Law (1994)
- Repos and the GMRA 2011
- Repos and the GMRA 2000
- Securities Lending and the GMSLA 2010
- Securities Lending and the GMSLA 2000

### Short course:

- 2002 ISDA® Master Agreement and English Law 1995 CSA for Credit Risk Officers (Audio course)

All our courses are modular and users are tested by answering multiple choice questions as they go through the courses.

Our long courses typically take 30-40 hours to complete and include a practical negotiation exercise at the end. If an answer to this exercise is submitted, a score is given and a course completion certificate is issued.

## Online Training Course – Demos, Access, Price and Ordering

### Demos

Before ordering an online course it is possible to try a demo of that course. This access should provide you with a feel for the style and content of the course. If this is of interest to you please complete the [demo request](#) form on our website.

### Access to courses

Courses are licensed to each user through username and password.

The standard licence duration is four months for a long course and two months for a short course. The course and negotiation exercise, where applicable, need to be completed in that time. If not, the licence will expire and the user will no longer be able to access the course.

Most users can complete a course within the relevant licence period. However, if necessary, a one month extension is available for an additional fee (see below).

Periodically, users will be reminded by email how long is left before the licence expires.

## Price

The fee for the long courses is GBP 475 (plus Value Added Tax in the United Kingdom) per user licence.

Our short course costs GBP 250 (plus Value Added Tax in the United Kingdom) per user licence.

Licences are issued upon receipt of payment.

For an order for a large number of users in a single organisation, a block discount may be negotiable.

The fee to extend the course for one month is GBP 50 (plus Value Added Tax in the United Kingdom).

Fees are payable by electronic transfer to DDL's bank account (details will be provided) or by card payment (Visa, Visa Electron, Maestro and Mastercard only).

Our bank charges for electronic transfers outside the UK and unfortunately we need to pass on this additional charge. This is GBP 7.

## Ordering courses

If you would like to order a course we need the following information:

- Name and email address of the person(s) taking the course
- Name of your organisation
- Details of the course(s) which the person would like to take
- Your postal address.

In addition, if your organisation is based in the European Union we will also need your company's VAT number for our invoice.

An electronic invoice will be sent to you by email. We are able to send paper invoices if requested.

Once payment has been received we issue the login details and access to the course(s) concerned.

## LONG COURSES

(Please note that each course has multiple choice questions at regular intervals and the opportunity to answer a case study exercise at the end.)
